

[8/30/2013 2:34:31 PM] **shane.lockpoker:** Gladiators runs over August and September

[8/30/2013 2:34:52 PM] **shane.lockpoker:** So the rake chases reset with the new month and the leader boards continue till the end of September

[8/30/2013 2:35:07 PM] **player:** ah ya remember that now from last month

[8/30/2013 2:39:29 PM] **player:** O ya, I posted it in the lock forums but it never got approved so figured I would tell u, one big thing for black and black elites would be faster cashouts

[8/30/2013 2:39:34 PM] **shane.lockpoker:** [omitted – reference to another player]

[8/30/2013 2:39:43 PM] **player:** a lot of the high volume dropped out

[8/30/2013 2:39:58 PM] **player:** [omitted – reference to another player]

[8/30/2013 2:40:22 PM] **player:** [omitted – reference to another player]

[8/30/2013 2:40:56 PM] **shane.lockpoker:** The VIP cashouts thing is often discussed, I personally think putting a policy in place would be fine I think the volume players should be rewarded in that manner.

[8/30/2013 2:41:25 PM] **player:** [omitted – reference to several players] would be willing to come back, its just tough man with 6 month cashouts

[8/30/2013 2:41:41 PM] **shane.lockpoker:** But its a little tricky as we saw with the cardschat stuff, unless cashouts are under control the community at large doesn't like the idea of people jumping the queue.

[8/30/2013 2:41:49 PM] **player:** but

[8/30/2013 2:41:53 PM] **player:** u guys arent involved with 2p2

[8/30/2013 2:42:01 PM] **player:** and have nothing to do with them anymore why would it matter?

[8/30/2013 2:42:27 PM] **shane.lockpoker:** We aren't but the same discussions cropped up on other forums, on the Facebook and twitter.

[8/30/2013 2:42:54 PM] **shane.lockpoker:** Im sure a large percentage of that was driven by the 2+2 traffic, but still there was a general feeling that people didn't love the idea.

[8/30/2013 2:42:55 PM] **player:** casuals dont cashout though :/

[8/30/2013 2:43:03 PM] **player:** for the most part

[8/30/2013 2:43:33 PM] **player:** idk who makes u more money, the depositors or high rakers

[8/30/2013 2:43:46 PM] **player:** i really dont know how it works, but if u sat here and told me i would get 1-2 month cashouts

[8/30/2013 2:43:52 PM] **player:** if i raked 6k next month

[8/30/2013 2:43:58 PM] **player:** im snap putting 5k-10k on lock

[8/30/2013 2:44:46 PM] **player:** i know the feeling is mutual for some other black and black elites i talked to

[8/30/2013 2:45:51 PM] **player:** idk why people would get up in arms over it, high spenders are comp'd at casinos and given special treatment, why is this diff?

[8/30/2013 2:47:36 PM] **shane.lockpoker:** I personally dont understand it either, if Im a regular I expect special treatment.

[8/30/2013 2:47:48 PM] **player:** o lol

[8/30/2013 2:47:53 PM] **player:** i thought u were like the [sic] head vip guy

[8/30/2013 2:48:29 PM] **shane.lockpoker:** Nah thats marketing problem.

[8/30/2013 2:49:05 PM] **shane.lockpoker:** Also just talking to the cashier manager on Skype about what you posted above.

[8/30/2013 2:52:34 PM] **player:** nice well if anything changes lmk, so i can pass the word along to [omitted – reference to another player]

[8/30/2013 2:53:18 PM] **player:** an example for [sic] that is they have been screwing around with his cashout for 5 months,

[Tuesday, August 27, 2013 5:34 PM] “Player B”

<<< I would much rather be playing at lock, because the promotions and rb is so good, but play money is after all just play money to give u an idea

[8/30/2013 2:54:32 PM] **shane.lockpoker:** What was a decent month of rake for you when you were playing with us regularly?

[8/30/2013 2:54:45 PM] **player:** i grinded 1/2 the month in june and raked 6k

[8/30/2013 2:54:59 PM] **player:** if im happy im putting in 10k+

[8/30/2013 2:55:20 PM] **player:** selling at .20 on the dollar because i dont wanna wait 6 months doesnt make me happy :)

[8/30/2013 2:57:30 PM] **player:** we all wanna make money, and your promos are very rake driven and you can make a lot if your grinding [omitted – reference to limit levels] 20 tabling 6-8 hours a day

[8/30/2013 3:07:00 PM] shane.lockpoker: I feel the pressure because as always Im the messenger, but I do know that cashouts have maintained the momentum we started so Im confident they will deliver on this.
